Entry is open to single girls between the ages of 16 and 25 who have personality and dress sense.

HORSES, NOW BIKES CAUSE DANGER — Resident complains

Altona Council's seemingly endless problem — horses — has now become a problem of horses and mini-cycles, according to the latest complaint by a ratepayer.

A Grieve Parade resident has written to inform the council that teenagers riding horses and motorised mini-cycles on the median strip in Grieve Parade between Ford Street and Belmar Avenue are "dangerous and annoying".

The resident claimed the mini-cyclists appeared every night between 6 and 7, and the horses and their riders at weekends.

Council was told that recently four youngsters had been buzzing up and down the strip on the mini-cycles for well over an hour.

The resident had seen 18 horses on a Sunday morning and 19 on a Sunday being raced and walked on the median strip.

Must cease

"Perhaps the council could put up notices advising these youngsters that this practice must cease in this area," said the resident.

"For there are plenty of open paddocks where these activities could be carried out without annoying the ratepayers."

Reporting to Altona Coundil on Tuesday night the Town Clerk, Mr. J. W. Waters said the City Engineer had, also received a letter regarding people who had made a track on a portion of Hearn Reserve by riding mini-cycles.

Mr. Waters said: "The riding of mini-cycles (unregistered of course) on any road is a police offence.

"The riding of horses or the propelling of any vehicle on any council reserve is an offence under the council's parks and reserves by-law." he added.

Club

Whilst moves are under way toward the formation of a mini-bike club in Altona horses are still a big problem for Altona Council.

Ironically, despite the number of horses owned within the community, Altona's Mayor, Cr. P. J. Lynch, received practically no response to his plea for suggestions from the parents of horse-owners.

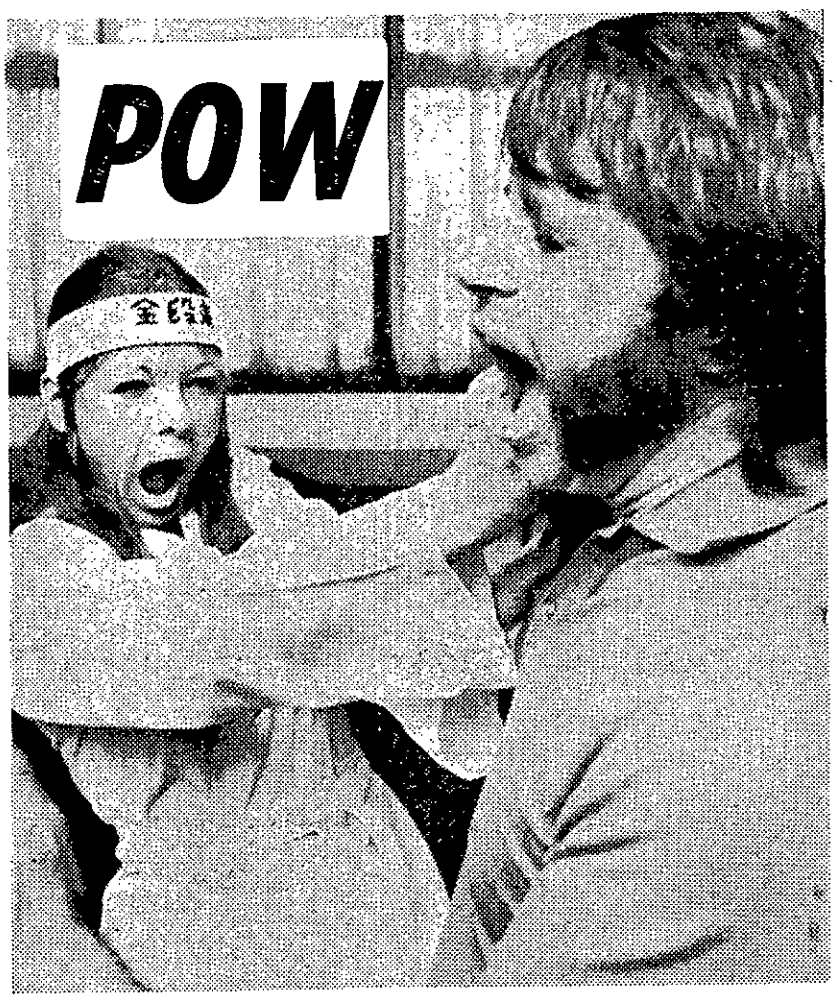

"Two phone calls were all I got", a disappointed Cr. Lynch told a recent meeting of council.

The same meeting was told by Cr. Ray Richards that a six-page submission had been handed to him by a concerned resident.

Cr. Richards said the submission contained suggestions for the formation of a riding club and the problems and costs that would be involved.

He added it would be appropriate for the gentleman concerned to meet council.

Latest moves by council on the horse problem were not known when this issue went to press.

Miss Sunshine Quest entrant, Karen Elias, 19 lays them in the aisles.

Karen, who is a Karate expert, is pictured clobbering Les Twenty-man, sportsmaster at St. Paul's College, Altona. But with her looks, she doesn't have to resort to violence to attract attention.

Council calls tenders for mini computer

Altona Council has invited tenders for the installation of a mini computer at its Civic Parade offices, following the breakdown of one of its accounting machines.

Reporting to the council meeting on Tuesday night, Town Clerk, Mr. Jim Wales said that with the approval of the mayor, Cr. Pat Lynch and Cr. Les Crofts, tenders for the installation had been invited and were returnable on Monday, April 17, when council's finance committee would meet.

Mr. Waters said the replacement of one of the accounting machines was urgent because of general fatigue and a breakdown of one machine.

"As a result of feasibility studies, it was decided that the tenders be invited for the installation of a mini computer, capable of use with magnetic-type records," he said.

"In inviting tenders, information had been sought on rental of the basic machine and peripheral equipment," he added.

STAR GAZE

If you were driving along Millers Road last Wednesday afternoon and you thought you saw three yachts on Cherry Lake — you weren't seeing things. The yachts are owned by Footscray High School and — weather permitting — they will be seen on the lake regularly from now on. Yachting is recognised as an organised sport by the school which considers Cherry Lake is as good — if not better — than Albert Park Lake for its purposes.

Light up or else

Police in Altona are on the lookout for any children riding cycles without proper lighting, after hours.

"It's for their own good", a police spokesman told the Star this week.

The spokesman urged parents to keep a close eye on children who were riding cycles at night.

"The nights are getting dark earlier and parents should advise their children to get off their cycles and walk home along the footpath if they are not home before dark," he said.

YOUR RATES AT WORK

The Altona city engineer, Mr. R. C. Simmons, made the following report at the council meeting on Monday night, on council contracts.

● Altona Meadows subdivision — stage 2 — P.S. scheme No. 104: Excavation of path beds and levelling of nature strips was undertaken in Talbot Street. Similar work is in progress in Shirley Street

● Queen Street widening and reconstruction: Cement stabilised crushed rock was spread along the north side of Queen Street for a distance of 1500 ft. west of the Truganina Swamp outlet channel. Construction of kerb and channelling is about to begin in this section.

● Kororoit Creek Road: The shoulder on the north side of Kororoit Creek Road was sealed. The roadway was consequently widened in the vicinity of the intersection, reducing hazard for turning traffic.

● Merton Street: The section of Merton Street between Harcourt Road and the connecting roadway to Princes Highway (a distance of 1500 ft.) was widened by strengthening the shoulder on the west side of the roadway.

● Princes Highway service road: Bituminous treated crushed rock was spread and consolidated on the 1800-ft. length of service roadway west of the Myer Bulk Store. Final surfacing with concrete is in progress.

● Foreshore: Accumulations of seaweed were removed from sections of the beach. The plantation area along the south side of The Esplanade was thoroughly cleaned before Easter.

● Altona Youth Club building: In connection with extensions at the north-west corner of the youth club building (for use by St. John Ambulance Brigade), building of the eastern wall of the hall, together with conveniences and storeroom, is in progress. In connection with the provision of a storeroom at the north-east corner of the building for use by the Youth Club work is pending the receipt of $1000, which was to have been made available by the Youth Club and availability of loan funds.

● Cricket and football pavilion—J. K. Grant Reserve: Maintenance painting of the pavilion, both inside and outside, is in progress.

● W. L. J. Crofts Reserve: Erection of pine posts around the boundary of the proposed oval on this reserve continued.

● Bus bays in Maidstone Street, near Mt. St. Joseph Girls' School: In association with the Transport Regulation Board, numbered bus bays have been marked on the roadway in Maidstone Street at Mt. St. Joseph School. This should permit orderly parking of buses with a minimum of interference to adjacent property owners.

YMCA looks at Altona

The YMCA is anxious to extend its activities in the western suburbs to Altona.

In a letter to Altona Council the area director of the Western Suburbs YMCA, Mr. J. D. S. Bindon, said that following several inquiries from Altona residents the association would be pleased to discuss this matter with council.

Mr. Bindon suggested that further discussion could be held between council representatives, YMCA personnel and other interested local residents, to explore the possibility of the YMCA providing community service within Altona.

The council resolved to discuss the matter with the YMCA and interested parties at a general purposes committee meeting.

Trampoline gets OK

Altona Council has granted permission for Mr. I. Clark, of Linnet Street, to operate a trampoline three times a week on council land at Harrington Square, Altona West.

Mr. Clark will operate on Thursday and Friday afternoons after school, and on Saturday mornings on land set aside for the Westona railway site.

In his application to council, Mr. Clark said traders had indicated they wanted him to operate on the railway site.

He said he would operate only one trampoline on the site and this would be shifted to his Pier Street site on Saturday afternoons.

Street stall

Altona Council has granted permission for the Highland and National Dancers Association to hold a street stall in Pier Street, on Saturday, August 19.

Scouts stall

The First Altona Scout Group will run a street stall in Pier Street, on Saturday, April 22.

ALTONA BAY A HEALTH HAZARD

SAYS BILL ROSS, OF "NATURAL THING"

The fact that Altona Bay is fast becoming a health hazard is no secret amongst district surfers.

This year the water pollution has reached a critical high — so high the future infiltration of even minimal amounts of filth could result in the beach becoming virtually unusable.

And how upsetting it is to watch people of all ages trying to enjoy themselves in the Bay's dirty, oily waters.

Public outcry against such pollution has often been loud, verbose and indignant. But so far little has been done.

At local and Federal levels, the unwieldy apparatus of government has, it seems, found it increasingly difficult to take direct action against major environmental polluters.

Fines, in relation to offences have been absurdly small.

And national concepts like "territorial waters" have made it difficult to apprehend the most blatant polluters.

Yet the blame cannot be laid at the feet of authority alone.

Central to what has now become a global issue, is the obsession of individuals for an ever increasing affluence.

These people tend to forget that what may be called economic "bads" (e.g. air pollution, oil slicks) are also produced as unsavory by-products of most economic goods.

While the problem has become immense and urgent, there are possible solutions.

In the short run, the problem might be solved if direct and even drastic action is taken by authorities.

However, we should look for a permanent answer.

This can probably be found in using technology to counter its own unbalancing trends.

Further, and at a much deeper level, a change in our own thinking is required.

Man must come to know that the best things in the world are not necessarily a function of money.

Let us not destroy the freshness of the first morning.

Cash, cups to win in Mall comp.

The beauty queen stakes are on again — and this time the boys get a part in the competition as well.

The event takes place in the Mall on May 9 and 10 but this time it's just a little bit different.

Rather than getting a glimpse at the beauty queens and Mr. Universes of today, shoppers will have a chance to take a look at the prize-winners of tomorrow.

The contest is being run along the accepted lines of this type of competition with the only variation being in the age limit.

It's confined to those between three years and seven years of age.

The winners of the Little Miss Mall and Master Mall contests will carry off cash prizes totalling $100.

The competition has been organised by the Chamber of Commerce promotions committee and is being run in conjunction with the Mall's first birthday celebrations. There to judge the event will be Mrs. Victoria Dianne Griffiths, who by now must know a fair bit about this type of contest herself, and the Mayoress of Footscray, Mrs. Harry Thomas.

An entry fee of 50 cents is all that's required to enter the competition.

Prize-winners will receive cash prizes and a silver cup and sash.

'Town and Country'

Chrysler Australia Limited released this month the 'Town and Country' utility — newest addition to its extensive range of vehicles.

In keeping with the Chrysler policy of providing a range of utilities covering all applications from work horse to social conveyance, the Town and Country utility possesses many of the interior luxury items of a passenger car — carpet, bucket seats with centre armrest, as well as top quality interior trim finish.

Externally, the utility has a major appearance change from that of the Dodge, Valiant and Valiant Ranger utilities.

This is due to the striking paint work treatment on the sides and tail gate. A vinyl roof, sports type fuel filler cap, together with special hub and wheel treatments, makes this an outstanding vehicle.

The Town and Country utility used the Hemi 245 single-barrel engine, available with three-speed manual or three-speed Torqueflite automatic transmission, or alternatively the Hemi 265 two-barrel engine available with automatic transmission.

Commenting on the new release, Chrysler's marketing director, Mr. C. P. King, said "Our market studies have revealed that many potential customers in city and rural areas require transportation which can be used for a dual purpose, namely a fine looking three-seater passenger vehicle for in-town running and a sturdy load-carrying vehicle for other occasions.

We have tailored the Town and Country utility to these requirements. It truly is a super ute.

Full pricing details of the new models are:

Town and Country utility:

Manual Hemi 245, $2840; Auto. Hemi 245, $3078; Auto. Hemi 265-2 barrel, $3142.

Torana downs Falcons

Colin Bond's win in the 17-lap series production race at Bathurst, on Easter Monday, continued a run of success for the new Torana XU-1-202 cars of the Holden dealer team.

Bond defeated Ford works driver Fred Gibson with John Goss, South Pacific title winner in third place in another Falcon GTHO.

Bond had been successful at Oran Park the previous weekend against the best series cars and drivers in the State and his Bathurst win confirmed that the 202 Torana is a big threat on all circuits.

Peter Brock had been untroubled at Hume Weir, Albury on Easter Monday to again beat Norm Beechey in his works prepared Falcon, this followed Brock's win at Winton over Beechey three weeks previous.

The Bathurst meeting saw the first appearance of the new developed Torana V8 Sports Sedan, the car had been finished hours before practice at Bathurst.

A standard 302 cubic inch Holden engine had been fitted with the idea of testing the aerodynamics of the car on the 3.8-mile circuit.

STEERING COLUMN

How careless can you get? Last Thursday about 4 p.m., a late model Kingswood ute, came through the round-a-bout at North Williamstown railway station, knocking a school boy off his bike. Fortunately the boy wasn't injured. To make things worse the driver didn't give way to the right.

— **H. Lee (Williamstown).**

I get tired of seeing so many motorists with only one headlight working. Surely it wouldn't hurt to check your lights occasionally, you may cause a fatal accident.

— **Two Lights (Altona).**

Last Sunday there was a car accident on the corner of Swanson Street and Kororiot Creek Road, Williamstown. Glass was spread all over the intersection, nobody bothered to clean up the glass. Since then many motorists have punctured.

— **Keep Roads Clean (Williamstown).**

Seminar to fight for equality

The development programmes of about 300,000 people living in the western suburbs will be highlighted at a seminar on Sunday, May 8.

The seminar—titled "The Deprived West"—is being sponsored by Sunshine Lions Club and supported by organisations in every field in the western suburbs.

Represented at the seminar will be the municipalities of Essendon, Keilor, Sunshine, Melton, Werribee , Altona, Williamstown and Footscray.

And the seminar secretary, Mr. Bill Williams, says that even at this stage interest is being shown by centres along the Western Highway, as far as Ballan.

The seminar will be at the Highway Inn Motel, in Ballarat Road, Deer Park.

Speakers will include the general manager of the Lower Yarra Crossing Authority, Mr. C. A. Wilson; Cr. Ted Coulson, JP, Mayor of Sunshine, who will speak on water, sewerage and drainage; Mr. T. W. Roper, La Trobe University education lecturer; Cr. Harry Jenkins, MLA, who will speak on health welfare; and Mr. Robert Fordham, MLA and chairman of the Maribyrnong Valley Construction Society.

The seminar was aimed at starting a strong move to get a better deal for the western suburbs, Mr. Williams said.

The seminar had been sparked off mainly by an article written by a Melbourne daily newspaper which described the western suburbs as "a place the Gods had forgotten."

This had been bitterly resented, specially among churchgoers, who believed the adherence to Christian principles was as strong and genuine in the west as in other places, especially the eastern suburbs.

But it was still a fact that the western suburbs suffered by comparison with the eastern suburbs.

An instance was that the three universities were in the eastern suburbs, and it was now proposed the fourth university would also be in the east, with a section to cater for the western suburbs, Ballarat and Geelong.

Most people believed the only way for the west to get its fair share of development was to fight for it, Mr. Williams said.

Altona tennis

Mr. Jack Wilson will start coaching classes, at the courts, each Sunday morning as from 8 a.m., April 16.

This is in addition to the coaching classes held by Mr. John Ryan each Monday night.

Jack has been a keen, well known player in the western suburbs for many years and later as a coach in the Sunshine area.

ALTONA ANZAC DAY PLANS

Altona's Anzac Day services will be on Sunday, April 23, so ex-servicemen will be free to attend the Melbourne march, on April 25.

An RSL sub-branch spokesman said yesterday the march would start at 10.30 a.m. on the Sunday.

It would begin at the RSL clubrooms at 31 Sargood Street and finish at the Cenotaph at Altona Civic Centre, Civic Parade.

Altona City Band would lead the march and returned servicemen would be joined in the march by scouts, cubs, guides, brownies and Altona Air League members.

Guest speaker would be Mr. E. Atkine and official guests would include the Mayor of Altona, Cr. P. J. Lynch, and marshal for the march would be Mr. A. Morgan, senior vice-president of the RSL sub-branch.

All members were urged to attend and wear their medals, the spokesman said.

On the actual Anzac Day, the Altona dawn service would be at the clubrooms at 5.15 a.m., he added.

A smorgasbord had been planned for Sunday, April 16, at 6.30 p.m., ending at 10 p.m., the spokesman also said.

Charge would be $2 a person and the evening would be limited to RSL members and their guests.

Only 150 people could attend and bookings could be made by calling 391 3538.

Trophies were received by:

Annette Thompson (Altona North) Best girl; Stephen F. Smith (Westona: Best boy.

Runners-up were: Janine Lokaj (Altona North); Paul Curran (St. Mary's).

The best individual performances during the year were by Annette Thompson and Stephen Smith.

Altona North was the club scoring the most points for the third year in succession — with St. Mary's and Westona coming second and third.

GOLF DAY

Footscray and Williamstown councillors and officers competed in a combined nine-hole competition at the Westgate Golf Club, on April 8.

Val's Column

Hello Girls,

Hope you are caring!

Do put back the freshness the early months of summer have stolen from your skin.

By the time these midsummer months come around your skin has had its share of suntan, sunburn, windburn and salt and sea air.

Under your temporary tan your skin is, maybe, really dry or flaky, and wide open to permanent skin damage — and to wrinkles.

Your skin needs constant care.

Cyclax have a simple twenty-four hour moisturising routine, girls.

A routine that will keep your skin looking smooth, soft, and fresh all summer long.

Each evening cleanse with Cyclax Moisturised Cleansing Balm.

Daytime dust and makeup just float away under this gentle baby pink balm. Cleanses in depth while a built-in moisturiser guards your skin's vital stock of natural moisture.

Tone now with Cyclax Flower Balm.

Made from cucumber juice Flower Balm lightly stimulates the skin and refines the texture, without drying.

Moisturise now, and lightly nourish, with Moistura. Moistura replenishes and protects your skin while you sleep. Firstly, by preserving the natural moisture of your skin, secondly, by carrying extra moisture and light nourishment deep down to refresh skin cells.

Now — in the morning.

Cleanse away any left over night treatment Moistura with extra mild Cyclax Skin Soap — this leaves your skin feeling fresh and moist, ready for its day moisturiser.

Moisturise now with Milk of Roses.

A few silky soft drops protect your skin from moisture thieves — the sun, wind, air conditioners. Almond oil and other luxurious ingredients leave the skin smooth and soft.

Make-up glides on and stays fresh right through the long, sticky days.

For a skin that needs "heavier" moisturising, Creme Dew is for you.

Guards against dry conditions and has a special built-in sun screen that is ideal for sensitive skins or the outdoor girl who needs extra protection.

Moisten day and night with Cyclax.

Bye.

FINAL PRACTICE FOR ALTONA CITY TEAMS

Altona City Football Club held its final practice match on Saturday, April 8.

Windy conditions prevailed, which in turn, marred the performance of many players. However, this game generally proved to be of great value to all, particularly, those who have been lagging on the training track.

The most satisfying facet of the game was that either of the two teams, which battled it out on this hot Saturday afternoon, would aquit themselves favorably in open competition.

Of the players to show out, Martin Crump was probably the most impressive. His attacking dashes and long kicking from the centre bounce, were a delight to behold.

Laurie Egan was in superb form as a centreman, and looks a definite possibility for this position.

Tom Hogan showed tremendous agility around the ground, and with a little more dedication, will be a force to be reckoned with.

Vic Paterass showed an abundance of dash and enthusiasm, when moved onto the ball.

Danny Brennan, centre half back and Ron Schwabe, centre half forward, had a good tussle all day, and it was particularly pleasing to see Ron holding his overhead marks.

David Marshall showed out well in the ruck, being most effective around the forward line, where he kicked 4 goals. Robin and Glen Morgan have all the attributes of great footballers, with courage and determination predominant in their efforts to gain possession of the ball and dispose of it effectively, which they do with apparent ease.

Brilliant play

Jock O'Connor figures in some brilliant passages of play, his pace and disposal being definite winners.

Geoff Hardham was particularly impressive on the back line, strength and judgment being his long suite. Alan Walgers was a constructive forward, his elusiveness and creative ability, could prove to be very destructive to opposing teams.

Bill Devereaux playing at full-back, showed that experience and ability, applied intelligently will bring about success under any circumstances, this player will be a great leader and an inspiration to his less experienced team mates in the second division.

Rovers Austin Molloy and Stephen Grainger were instrumental in many creative moves. Austin in particular started to show some of his old ball handling skill.

David Berry showed, in the latter stages of the game, that he can be a very creative player, his handball and general teammanship was educational, and younger players should take note, unfortunately his kicking is very indifferent, but we are hoping for some improvement in this department.

Alarming

The alarming aspect of this match was that Del York sustained an unfortunate ankle injury during the first quarter, with Morrie Tisdale on the sidelines for some weeks with a broken leg and Ian Harrington departed, our big manpower has lost its fibre.

To remain on top of the WSFL we must have Del and Morrie playing, however, Ian McLeod and David Marshall will have to carry the burden, and both are capable.

The under 16-under 18 practice match was treated in a lighthearted fashion so it is not worth commenting on.

Bill Smyth, recently-retired Test cricket umpire, golfer Bill Britton and a South Melbourne Football identity are other sportsmen for whom arrangements have been made to appear on the panel.

The evening will begin at 7 p.m. with savories and sherries.

While members of the panel are introduced and are questioned on highlights of their sporting careers, guests will be seated about the luxurious clubrooms.

Supper will be served during the evening.

Tickets are $5 single for the males-only evening. Proceeds will assist Austistic children — a cause supported by Sunshine Apex Club, who are helping arrange the evening — and Yulunga, Care for the Elderly Centre proposed for North Footscray.

The Footscray Cheer Squad's candidate in the Yulunga "Granny of the Year" quest, Mrs. Margaret Munn, will be credited with the Yulunga share of proceeds. Mrs. Munn, of Sunshine, will be close by that night — she manages the kitchen at the licensed club.

Tickets are available from her husband, Mr. Jack Munn, in Collins Sports Store, Nicholson Street, Footscray, and the cheer squad.

Lacrosse

This year Altona has an under-16 team in the association and they played their first game on Saturday against Williamstown Deacon and, although they were beaten they were not disgraced.

Williamstown Deacon 38 defeated Altona 4. Best for Altona were Peter Little, Mark Birkett and Shane Hanniver. Goal throwers were Graeme O'Connor 2, Mark Birkett 1 and Peter Little 1.

The seniors start their season with a home game at Bond Reserve against Caulfield Gold next Saturday, 15, and the juniors play Williamstown City at Williamstown.

The winners of the Easter Basket Special effort were:

Orange F16, Fiona Dickins; Yellow E 93, Mrs. Morgan.

A GUIDE TO LEISURE

By PETER VAUGHAN

The mountain may not have gone to Mohammed but I have little doubt that it would have gladly come across for Harry M. Miller; exclusive rights to the event throughout Australia, of course.

Harry M. Miller has a monopoly at the moment on the entertainment extravaganza and his most recent venture, **Jesus Christ Superstar** looks set to join the financial bonanza enjoyed by stablemates **Hair** and ***Godspell.***

Currently, the Superstar show is touring the capital cities in concert version and it will later come back as a play, thereby netting two for the price of three.

The current version has differed slightly in presentation from State to State, the only main variance being whether the show is put on indoors (Festival Hall, Melbourne) or outside (Memorial Drive Tennis Courts, Adelaide) with the latter being more flamboyant as well as utilising some gimmicks which border on pure vulgarity.

And this lack of variety can also be said to be true when one compares the live show with the original overseas LP recording of the rock opera composed by Tim Rice and Andrew Lloyd Webber.

There seems to be next to no difference in orchestration, lyrics or even singing tone between the live performance and the record and because of this one almost views the complete production as a gigantic mime show, albeit a very entertaining and spectacular mime.

Ever since Superstar, which deals with a fundamental part of Christ's life on Earth, attracted the news media there has been a constant confrontation between those factions who see it as a revival for the young of religious feeling and those who view it as a debasement of all that Christianity stands for.

The opera itself has been accused of dealing too much with the man and not enough with His beliefs and principles and to a great extent this is true but perhaps it is a refreshing look at a situation which has too often become subject to extremism and because of this has been severely criticised.

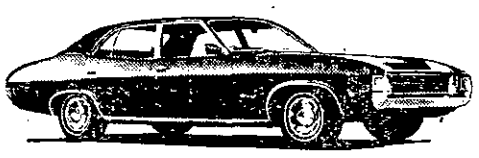

I have no doubt that such a controversy is all to the good, for like so many artistic endeavors before it Superstar has made people think about much which is taken for granted or just plainly rebuffed.

And if it achieves this end it is worth all the theatrics and money-making gimmicks that any entrepreneur may use in its presentation.
